"In 6th grade, Connor Howells asked me out on kik after saying a total of 0 words in math all year. I wasn't allowed to date, so I said no. I proceeded to listen to 'If we were a movie' from Hannah Montana to recover from this heartbreak." -Katelyn Malvese

A Splash Into Our Lives

Early November of last year, **Michael O'Leary** and **Andrew Catanese** were listening to music beats and were immediately inspired. They both decided that they wanted to write and produce songs. Thus, **Thiqq Miqq** was created. With Andrew making the music and Michael singing, this dynamic duo has been able to produce multiple songs and albums that are on both iTunes and Spotify. Their favorite part is just being able to make something they love and have fun doing it. Be sure to follow **Thiqq Miqq** on Spotify.

Last summer, **Morgan Caro** started to volunteer at Golden Opportunities for Independence, where she helps train service dogs. Dr. Worthley told Morgan about this opportunity, as he knew about her love for both psychology and dogs. For the past year, she has been working towards being able to train a service dog on her own and to become a handler. She is very excited about potential in-school training in the future, as she has been pursuing this opportunity for Medfield High School.

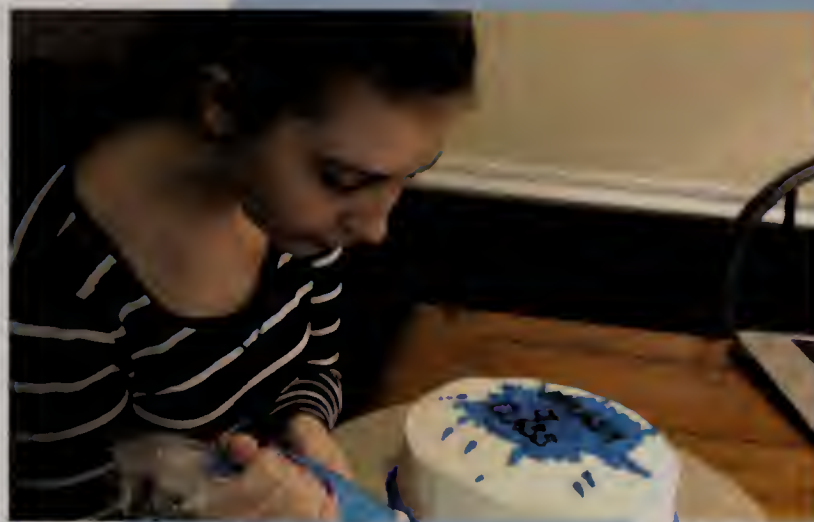

When **Brice Sinnett** was four years old, he took to the ice for the first time to begin curling. Since then, Brice has gone to multiple tournaments and won many of them, even becoming undefeated at one point. He received various cool opportunities via his experiences, such as winning the "Spirit of Curling Award" and being asked to observe a national team while traveling to Canada for tournaments. Curling is very difficult, physically and mentally, but Brice stays positive through it all because of the friends he has made through the years.

Tatum Samson's love for reading has led her to her path in life. Books have been her passion ever since she was little. As she got older, she decided she wanted to control her own stories. Beginning in March of 8th grade, Tatum started to write her first novel, *Plugs*. She finished it by junior year and became a published author. She has sold many copies of her novel and has even done book signings. One of her favorite things about writing is talking to the kids she babysits for about her book and the different stories she comes up with.

For as long as she can remember, **Laken Shiels** has been decorating cakes. Learning from her creative mother, Laken has built her skills up over the years and now makes cakes all the time. She makes them for friends, family, and anyone else who needs a sweet treat. Some of her favorite projects have been making a wedding cake, making featured cakes for Spaghetti with Santa for the past three years, and making birthday cakes every year for her little cousins. Laken loves baking, as it is a creative outlet that has a delicious outcome.

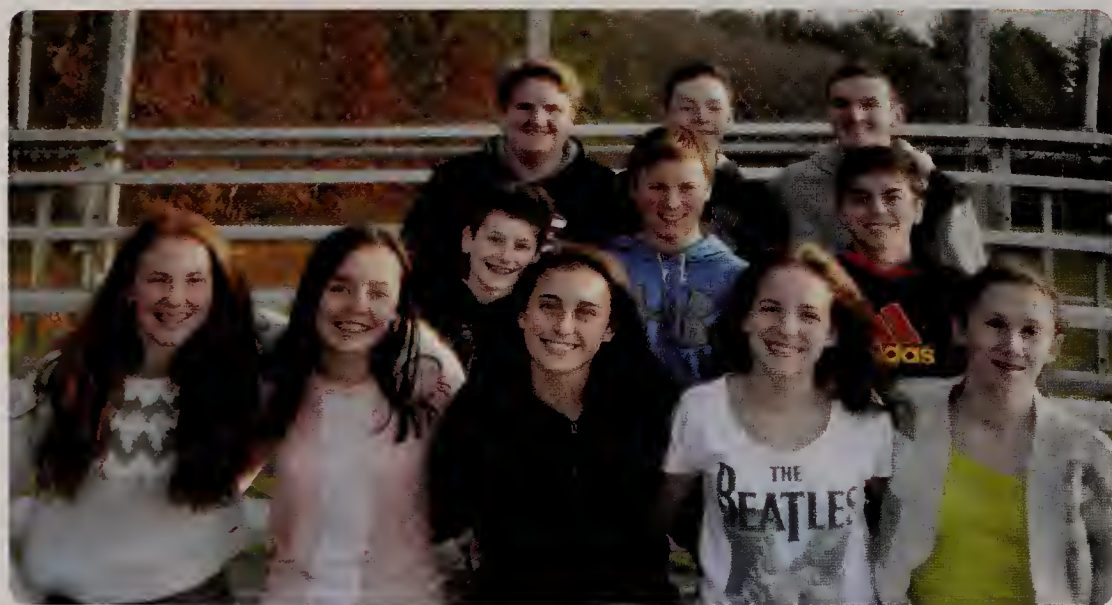

Kasey Douglas has been dancing for most of her life, as she started at the age of two. She has participated in and won numerous competitions, including Nationals. After making her Instagram account, @Kaseydance, she has gained a following that has allowed her to work with so many different people and companies. She has done sponsorships with New Balance, participated in runway shows, modeled for various photographers, and even been in a music video.

Michael Koellner started theater in 8th grade because of an impulse he had, and he has loved it ever since. He enjoys performing in many of the MHS shows as well as other outside theater opportunities. One of his biggest accomplishments was performing for Stadium Theater and acting in front of crowds of more than 500 people a night. Michael especially wants to thank Brandon Michaels, his director for the show *School of Rock* at Stadium Theater, who helped and encouraged him through the performances.

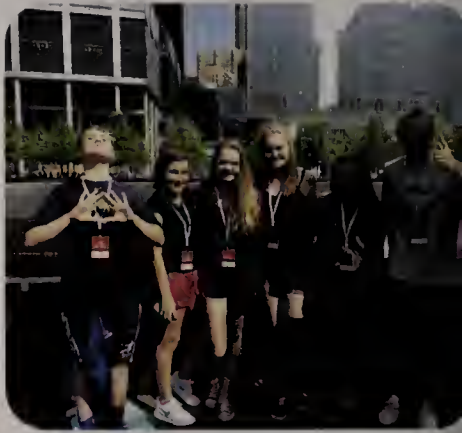

James Kirk attended a summer camp going into freshman year and fell in love with the Spanish language. Many of the other kids at the camp spoke Spanish, and James thought it was so amazing that he could communicate with everyone. Since then, James has pursued many opportunities to help him advance his Spanish skills. Through different travel programs and vacations to Spanish-speaking countries, James has made many friends who also speak Spanish. He has been to Spain twice, but his favorite place to visit is Mexico City.

A black and white photograph of a school hallway. On the left, a long row of lockers is visible, decorated with green streamers. A person is walking away from the camera on the right side of the hallway. The floor has a checkered pattern. The text "A splash of school spirit..." is overlaid in the bottom right corner in a green serif font.

Whether you choose to play
some jazz,
Or rock or Latin or swing,

Letter from the Editors

Hey MHS!

We hope you enjoy the 2018-2019 yearbook!

As seniors, we are happy we were able to work on this yearbook to highlight so many great memories. From putting together throwback pages that represent our time at Dale Street to choosing photos for the prom page, we have loved every minute!

We would like to acknowledge the rest of the incredible yearbook staff who worked so hard on all of their spreads. We would also like to give a huge thanks to Mrs. Brown for her endless support throughout the process. It has been quite a journey creating this yearbook, and we hope you like how it turned out as much as we do!

Please use the next few blank pages for signatures and notes from your peers. That way, you can write goodbyes to your classmates as we go our separate ways.

Thanks for the memories!

Sincerely,

The Editors - Erin Seibel, Laken Shiels, and Anna Terry
